ORIGIN STORY

THE TIMES OF INDIA

Harit Mehta

Resident Editor,
The Times of India,
Ahmedabad

Priya Adhyaru-Majithia

Curator,
Times Art Fest 2020

Ahmedabad was crowned the country's first Unesco World Heritage City in 2017. In the years leading to this triumph, The Times of India had run a sustained campaign to highlight the city's cultural treasures and to rally the government as well as the people around the bid for the title. Besides monuments, we celebrated the living heritage of Ahmedabad.

We are now taking another step forward. To extend the reach of our campaigns and to help public cherish their heritage, TOI has invited 50 renowned art exponents — painters, muralists, sculptors, and visual-communication artists — from across the world for the biggest art show Ahmedabad has ever seen.

Times Art Fest 2020 is our commitment to art and heritage.

The show aspires to celebrate Ahmedabad's heritage — both living and monumental. Adani Group is the main patron of the initiative.

We have invited the most eminent names in the world of art to lend their vision to our mission.

Through this art show and auction, we propose to give space to diverse artistic musings on Ahmedabad's heritage, culture, customs, traditions, festivals, and monuments.

TOI aims to become the change that we want to see in the public's perception of heritage.

This exclusive show will culminate in an auction. You are all welcome to celebrate the spirit of Apnu Ahmedabad.

PRESENTER'S NOTE

Pranav Adani

I must congratulate The Times of India, Ahmedabad, for this unique art exhibition and auction which present a great platform for artists to showcase their creations.

I have always believed that art is in the soul of Ahmedabad, my home town, and therefore this initiative holds immense significance to me personally.

The exquisite works displayed at the exhibition and at the auction are truly a treasure trove for collectors and a source of inspiration for aspiring artists.

The Adani Group is committed to conserving India's art forms while creating an ecosystem for artists and art aficionados to thrive.

The background is a complex abstract artwork. It features a central vertical strip of dark, textured material, possibly gold leaf or a similar shimmering substance, set against a dark, almost black background. To the left, there are patches of red and orange with a grid-like or mesh pattern. To the right, there is a large, bright orange area with a pattern of white, teardrop-shaped or leaf-like shapes. The overall composition is layered and textured, with various materials and colors visible.
